

WHAT IS COUNSELLING?

- Counselling provides a safe and confidential space for you to talk about your issues and concerns. Your counsellor will help you to explore your thoughts, feelings and behaviours so you can develop a better understanding of yourself and others.
- Counsellors are trained to actively listen to people without judging or criticising them. They do not give opinions or advice but help you find your own solutions, whether that's making effective changes in your life or finding ways of coping with your problems.
- All our counsellors receive regular supervision which is an integral part of good counselling practice.

We also work therapeutically with children and young people. Please contact us for details.

WHO ARE WE?

South Cheshire CLASP reaches out and supports those in the local community who are affected by the difficulties associated with parenting alone, whatever their circumstances. We offer friendly support and encouragement to assist with the progression from crisis to wholeness and a positive future for the whole family.
